FRUIT INFUSIONS

Deliciously sweet wine with natural fruit juice

Winemaking

Sweet, Fruity and Refreshing, Sutter Home Fruit Infusions are deliciously sweet wines crafted using real fruit juice and natural flavors. Bursting with fresh fruit flavors, Sutter Home Fruit Infusions are 7.5% ABV with a hint of effervescence for a spritz on the palate.

Tasting Notes

Enter tropical paradise with this delightfully sweet tropical pineapple wine. Aromas of sweet and juicy tropical fruits complement sun-ripened pineapple and a hint of mango on the palate with a sweet, refreshing finish and a hint of spritz. Taste delicious flavors from real fruit juice and enjoy a sip of summer's delicacies year-round

Family Owned Since 1948

Our timeless American story dates back three generations to when the Trinchero family left their home in New York City to pursue the American Dream in Napa Valley. The family purchased Sutter Home Winery in 1948, after the winery had been closed for almost 30 years due to Prohibition. Still family-owned, Sutter Home has a long history of delivering wine that people love, starting with the creation of the original White Zinfandel in the 1970s.

Sutter Home is proud to be the brand generations of wine lovers trust to deliver consistent, award-winning quality and value for every wine occasion. We were honored to be awarded the Distinguished Service Award for "having introduced more Americans to wine on the table than anyone in history" from Wine Spectator. We will forever stand by our promise to create "a great product for a fair price."
